Sample Size	1660	201	178	130	126	495	404	126	794	863	469	574	617	223	275	296	244	298	321	405	501	572	599	556	505	504	477	233	102	97	33	214	

Regional sample sizes are unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing "" are statistically zero, though at least one response was received. Blank cells indicate zero responses received. Sample sizes below 100 should be interpreted with caution.

QA5. [Canada's Chief Public Health Officer Teresa Tam] Thinking about the information, guidance, and directions that have been given about COVID-19 from each of the following, would you say it has been clear or unclear?
