Regional sample sizes are unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing "*" are statistically zero, though at least one response was received. Blank cells indicate zero responses received. * indicates small sample size, and results should be interpreted with caution.

Q1. We'd like to know which issues you care about most here in Canada today. From this list below, please select up to 2 that are most important to you personally.
