Regional sample sizes are unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing "*" are statistically zero, though at least one response was received. Blank cells indicate zero responses received. Sample sizes below 100 should be interpreted with caution.

QF1. [Rank 1st] Please rank the issues facing Canada that you care about the most. Select up to three from the list or write in your own if you do not see the issue you're thinking of.
