

	Total	Overall impact					
		In great shape	In good shape	In bad shape	In terrible shape	Net: Good shape	Net: Bad shape
Sample Size	1503	258	946	250	49	1204	299

Regional sample sizes are unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing “” are statistically zero, though at least one response was received. Blank cells indicate zero responses received. Sample sizes below 100 should be interpreted with caution.*
