<b>Sample Size</b>	1503	209	149	123	120	465	290	147	716	782	425	519	559	202	246	268	221	270	290	414	496	464	180	234	496	286	120	532	496	475	471	444	219	104	80	43	142	

Regional sample sizes are unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing "\*" are statistically zero, though at least one response was received. Blank cells indicate zero responses received. Sample sizes below 100 should be interpreted with caution.

Q15. [More people becoming sick and dying] Thinking about this potential second wave, if this does indeed happen, do you think the damage to each of the following will be ...
