

Some health officials have warned that there may be a 'second wave' of the virus in the fall, when temperatures become cooler, and the normal flu season begins again.

Q15.

Base=All

SINGLE CHOICE GRID

Thinking about this potential second wave, if this does indeed happen, do you think the damage to each of the following will be worse than the first wave, not as bad, or about the same?

More people becoming sick and dying
More economic damage

Worse
About the same
Not as bad
Not sure/Can't say

Q16.

Base=All

SINGLE CHOICE GRID

Thinking about the possibility of having another 'lockdown' where people are asked to stay indoors and avoid public spaces and not see friends or family outside of your household, what sort of effect would it have on each of the following:

Your mental health
Your personal financial situation

It would be very negative
It would be slightly negative
It would have no real impact
It would be slightly positive
It would be very positive
Not sure/Can't say

Q17.

Base=All

SINGLE CHOICE

How confident are you that others in your community would follow the same protocols with social distancing, handwashing, and avoiding public spaces, if they were asked to do it again later this year?

Very confident
Confident
Not that confident
Not confident at all
