Regional sample sizes are unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing "**" are statistically zero, though at least one response was received. Black cells indicate zero responses received. Sample sizes below 100 should be interpreted with caution.

81. As mentioned, the federal budget provides for 3 years of consultation as to what a new Canadian Disability Benefit would look like. Does that strike you as: Possible answers: Strongly Disagree, Definitely cut, Cost of such a major transfer, Confident this will cost, and Not confident this will cost.
