### A1. Background

#### Sample Description

- **Region**: Indicate the region of the voter.
- **Gender**: Indicate the gender of the voter.
- **Age**: Indicate the age group of the voter.
- **Income**: Indicate the income level of the voter.
- **Education**: Indicate the level of education of the voter.
- **Vote 2019 Fed Vote**: Indicate the party voted for in the 2019 Federal Election.

#### Sample Notes

- **Sample Size**: The sample size is unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing "**" are statistically zero, though at least one response was received. Blank cells indicate zero responses received. Sample sizes below 100 should be interpreted with caution.

G4. When, if ever, do you think anti-Asian discrimination will end?

- In the next few years
- In 10-20 years
- Only if there is significant change
- Things will never really change
- I don’t think it’s a problem

G5. And, how would you describe the news media’s coverage of this issue of anti-Asian discrimination and racism in Canada?

- Good/balanced and making too much of this issue
- Appropriate, and helpful to shine a light on this important problem
