"Regional sample sizes are unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing ""%" are statistically zero, though at least one response was received. Blank cells indicate zero responses received. \* indicates small sample size, and results should be interpreted with caution."

Q1. [Too much attention ] When thinking of the issues and challenges facing Canada today, do you think the following are receiving too much attention, about the right amount, or not enough attention?
