No, not yet

No, and I will not

QV4.

Base=Yes in QV2

Single choice

Health Canada has approved a vaccine for children ages five to 11. Some are already scheduling or administering it to eligible kids. Will you have your child(ren) aged five to 11 vaccinated or not?

Yes, I will get my child(ren) vaccinated asap

Yes, I will eventually my child(ren) vaccinated, but will wait a while first

No, I will not get a vaccine for my child(ren)

Not sure

QV7.

Base= Yes in QV2

Single choice

Thinking about the school(s) your child(ren) attend(s), should students have to be vaccinated to attend school, or not?

Yes – children should have to be vaccinated to get to school

No – it's going too far to require children to be vaccinated to attend school

Not sure/Can't say

QH9.

Base = All

Multichoice

Will you do any of the following this year? Please select all that apply.

[randomize]

Go to a place of worship if COVID restrictions allow it

Donate to a charitable organization

Have a family dinner

Attend a workplace party if COVID restriction allow

Visit relatives/friends locally

Exchange presents

Visit relatives/friends in another community or out of province

None of these **[Anchor, exclusive]**

QH10.

Base=Have a family dinner/visit relatives/friends

Single choice

Thinking about the dinners/events you are going to have this holiday season, will those attending be vaccinated or not?

Completely vaccinated – I'm being very careful

Mostly vaccinated – a few people might not be

A mix of both

Not sure/ Not asking
