Sample size	5002	606	611	474	482	1081	867	256	385	190	2447	2552	1387	1677	1938	702	823	922	684	852	1016	1307	1673	1479	1970	1606	1427	1415	1383	753	234	160	221	64	456	

Regional sample sizes are unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing “*” are statistically zero, though at least one response was received. Blank cells indicate zero responses received. Sample sizes below 100 should be interpreted with caution. Because its small population precludes drawing discrete samples over multiple waves, data on Prince Edward Island is not released.

QC2. Have you been vaccinated against COVID19?
