Regional sample sizes are unweighted. All other samples sizes, including column
totals, are weighted to census data. Cells containing tets" are statistically zero,
though are teiest tone responsuse was received. Blank cells indicicate eeror ressponse
ough ot least one response was received. Blank cells indicate erer respon
received. Sample sizes below 10 should be interpreted with caution.

QPD2. And to oontim, are you the parent or guarcian of that child dhnsse children?
