

COVID-19

Some questions held for later release

[T]QC2.

Base=All

Single choice

Have you been vaccinated against COVID-19?

Yes, one dose

Yes, two doses

Yes, three doses

Yes, four doses

No vaccination

QC5.

Base=All

Exclude unvaccinated in QC2

Public health officials have recommended that Canadians stay “up to date” with their COVID-19 vaccination, which means if it has been nine months or more since their most recent dose, getting an additional dose, also called a booster shot. Will you get a booster shot when you are next eligible?

Yes

No

Not sure/Depends

QC8.

Base=All

Single choice

In most provinces, eligibility for a second booster, or fourth dose, of the COVID-19 vaccine is restricted to older or immunocompromised Canadians. Some provinces are considering expanding the eligibility for the second booster to all those over the age of 18.

In your opinion, how soon should they do this?

As soon as possible

In the fall

Later than that – in the winter

Not at all/no need to do this

QC9.

Base=All

Single choice grid

Overall, when you think of the following measures governments have recommended or mandated to fight COVID-19, in your belief, how effective do you think they are?

[Rows]

Masking

Keeping up with vaccinations – getting boosters when recommended

Minimizing contact with other people

[Columns]

Effective against infection

Effective against serious illness/death

Effective against both

Not effective at all

Don't know/Can't say

Do you agree or disagree with the following statements?

The lack of COVID-19 data available now is frustrating

I don't think about COVID-19 much anymore

The worst of COVID-19 is over

I'm willing to get a booster each year, for as long as it is recommended

Strongly agree

Agree

Disagree

Strongly disagree
