Sample size	1209	215	261	443	290	561	634	386	386	437	172	180	210	202	204	228	472	366	371	603	325	167	469	509	20	212

Regional sample sizes are unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing “*” are statistically zero, though at least one response was received. Blank cells indicate zero responses received. Sample sizes below 100 should be interpreted with caution.

QH14. How would you describe the current state of health care where you live?
