Regional sample sizes are unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing "\*" are statistically zero, though at least one response was received. Blank cells indicate zero responses received. Sample sizes below 100 should be interpreted with caution. Because its small population precludes drawing discr

QCV5. How often are you currently wearing a mask indoors when you're around other people, that is, in places like the grocery store, bank, or movie theatre?
