

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Sample size	5010	3300	704	157	212	335

Regional sample sizes are unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing “%” are statistically zero, though at least one response was received. Blank cells indicate zero responses received. Sample sizes below 100 should be interpreted with caution.*

Q1. First, do you have a family doctor?

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Yes	81%	83%	74%	56%	69%	86%
No	19%	17%	26%	44%	31%	14%

Q2. How often do you typically see your family doctor?

Sample size	5010	3300	704	157	212	335
	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Once a month or more	6%	6%	8%	15%	8%	6%
A few times a year	49%	48%	52%	60%	52%	50%
Once a year or so	30%	32%	29%	18%	26%	34%
Every couple of years	10%	10%	6%	1%	8%	7%
Less often than every couple years	4%	5%	4%	6%	6%	3%

Q2. (Base=All) How often do you typically see your family doctor?

Base = All	5010	3300	704	157	212	335
	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Once a month or more	5%	5%	6%	8%	6%	5%
A few times a year	40%	39%	39%	34%	36%	43%
Once a year or so	25%	26%	22%	10%	18%	30%
Every couple of years	8%	8%	5%	1%	6%	6%
Less often than every couple years	4%	4%	3%	3%	4%	2%
Don't have family doctor	19%	17%	26%	44%	31%	14%

Q3. If a health issue comes up, how easy or difficult is it to get an appointment to see your family doctor?

Base = All	5010	3300	704	157	212	335
	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Easy I can get in within a day or two	18%	18%	16%	14%	21%	15%
Usually have to wait at least a few days but could be sooner if I need to	46%	45%	47%	58%	41%	47%
Difficult - Usually takes at least a week or more to get an appointment	36%	37%	36%	29%	38%	38%

Q3. (Base=All) If a health issue comes up, how easy or difficult is it to get an appointment to see your family doctor?

Base = All	5010	3300	704	157	212	335
	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Easy I can get in within a day or two	15%	15%	12%	8%	14%	13%
Usually have to wait at least a few days but could be sooner if I need to	37%	38%	35%	32%	28%	41%
Difficult - Usually takes at least a week or more to get an appointment	29%	30%	27%	16%	27%	32%
Don't have family doctor	19%	17%	26%	44%	31%	14%

Q4. Have you been looking for a family doctor and, if so, for how long?

Base = All	5010	3300	704	157	212	335
	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
I've been looking for less than 6 months	11%	12%	10%	13%	10%	6%
Looking for 6 months to a year	9%	11%	9%	13%	7%	5%
Looking for more than a year	38%	38%	38%	28%	40%	49%
I was looking but I have given up for now	26%	26%	24%	23%	23%	28%
Not looking, don't need/want a family doctor	15%	13%	19%	22%	20%	12%

QH1. Have you required any of the following types of medical care over the past six months?

Base = All	5010	3300	704	157	212	335
	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Non-emergency treatment – i.e. something a family doctor could address	63%	62%	64%	66%	64%	63%
An appointment with a specialist	38%	36%	44%	45%	41%	46%
A diagnostic test – i.e. an MRI, X-ray	37%	37%	39%	34%	33%	44%
Emergency care – something that required serious/urgent care at a hospital	15%	15%	16%	23%	12%	15%
Surgery	7%	7%	6%	4%	4%	8%

QM1. Thinking about Canada's health-care system and the quality of the services it provides, how would you describe it overall?

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Excellent	3%	4%	3%	2%	2%	4%
Very good	22%	23%	20%	17%	19%	23%
Fair	41%	40%	42%	37%	44%	43%
Poor	22%	23%	24%	33%	23%	21%
Very poor	11%	11%	11%	11%	12%	10%
Net: Excellent/ Very good	26%	27%	23%	19%	21%	26%
Net: Poor/ very poor	34%	34%	35%	44%	35%	31%

QM2. Over the past 10 or 15 years or so, would you say the overall quality of health care in Canada has...

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Improved	8%	8%	9%	17%	10%	4%
Stayed the same	24%	24%	28%	36%	32%	21%
Deteriorated	68%	68%	64%	48%	58%	74%

QM2. Over the past 10 or 15 years or so, would you say the overall quality of health care in your province has...

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Improved	7%	7%	8%	16%	9%	4%
Stayed the same	22%	22%	26%	36%	29%	19%
Deteriorated	70%	71%	66%	47%	62%	76%

QM3. How satisfied are you with the overall performance of your provincial government when it comes to the health-care system?

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Very satisfied	5%	6%	4%	5%	2%	5%
Moderately satisfied	25%	25%	27%	38%	31%	20%
Moderately dissatisfied	31%	31%	33%	33%	31%	34%
Very dissatisfied	39%	38%	36%	25%	37%	41%
Net: Satisfied	30%	31%	31%	43%	32%	24%
Net: Dissatisfied	70%	69%	69%	57%	68%	76%

QM3. How satisfied are you with the overall performance of the federal government when it comes to the health-care system?

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Very satisfied	4%	4%	4%	4%	2%	5%
Moderately satisfied	26%	26%	31%	35%	41%	22%
Moderately dissatisfied	33%	33%	34%	34%	29%	37%
Very dissatisfied	37%	37%	31%	27%	28%	35%
Net: Satisfied	30%	30%	35%	39%	43%	27%
Net: Dissatisfied	70%	70%	65%	61%	57%	73%

QM4. [The federal government] When it comes to the issue of health care, do you believe each of the following are making it:

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Enough of a priority	16%	16%	19%	19%	26%	15%
Not enough of a priority	59%	59%	60%	64%	53%	62%
Not a priority at all	25%	25%	21%	17%	21%	24%

QM4. [Your provincial government] When it comes to the issue of health care, do you believe each of the following are making it:

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Enough of a priority	18%	18%	15%	18%	16%	14%
Not enough of a priority	52%	52%	50%	53%	49%	49%
Not a priority at all	31%	29%	35%	29%	35%	37%

QM5. Do you believe your own province does a good or poor job of measuring how effectively health care is delivered?

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Great job	3%	3%	2%	2%	2%	2%
Good job	21%	22%	18%	25%	16%	17%
Poor job	37%	37%	36%	35%	38%	36%
Terrible job	31%	30%	33%	27%	32%	37%
Not sure/Can't say	8%	8%	10%	11%	13%	9%
Net: Great job/ good job	24%	25%	20%	27%	18%	19%
Net: Poor job/ Terrible job	68%	67%	70%	63%	70%	73%

QM6. Suppose your province did a better job of making health-care performance indicators publicly available, do you feel this would improve health care or not make much difference?

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Yes, greatly	20%	18%	28%	31%	33%	23%
Yes, a bit	48%	48%	45%	51%	44%	43%
No, wouldn't make much difference	33%	33%	27%	18%	23%	34%
Net: yes	67%	67%	73%	82%	77%	66%

QM7. Thinking of the public money that goes into funding the health-care system in Canada -- overall, would you say we as a country are spending:

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Too much on the health-care system	12%	12%	10%	9%	11%	9%
About the right amount	24%	24%	23%	31%	25%	18%
Not enough on the health-care system	65%	64%	67%	60%	64%	72%

QI1. When you think about some of the challenges in delivering health care in Canada, what would you say is closer to your view:

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
If there was enough money invested, the health-care system would be fixed	34%	32%	37%	40%	35%	36%
There are bigger challenges in the health-care system that money can't fix	66%	68%	63%	60%	65%	64%

Q12. Earlier this year, the federal government announced it will increase investment in health care. \$46.2 billion in new funding will be delivered to the provinces over the next 10 years. In general, would you say this will:

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Greatly improve the health-care system	9%	8%	13%	14%	15%	11%
Marginally improve the health-care system	51%	52%	50%	53%	48%	50%
Make no real difference	31%	32%	27%	23%	27%	28%
Not sure	9%	9%	10%	10%	10%	10%
Net: Improve	60%	60%	63%	67%	63%	61%

QP1. [Absolutely Must have] Thinking about the following improvements or changes that might be made, how important is each to you?

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Improving how quickly patients are treated - from initial diagnosis of a health issue to its resolution	51%	49%	56%	62%	52%	56%
Making sure patients have easy access to their health information	30%	28%	39%	45%	38%	37%
Increasing the role of other professionals in delivering care (e.g., pharmacists writing prescriptions)	29%	29%	30%	35%	28%	29%
Improving how smoothly patients shift from one aspect of health care to another, (i.e. from a doctor's visit to a specialist, or from hospital to home care)	37%	35%	47%	55%	51%	42%
Making it easier for a patient to find the help/treatment they need	45%	44%	54%	61%	52%	52%
Making more efficient use of funding in health care (reducing the amount governments spend on delivery of services)	34%	33%	37%	39%	39%	35%
Improving access to health care in rural and remote areas in Canada, e.g. the availability of doctors and emergency departments	40%	39%	42%	44%	46%	39%
Reducing the burnout, stress and mental health issues health-care workers in your community are facing	50%	49%	52%	52%	46%	57%
Reducing wait lists for a family doctor in your community	50%	49%	57%	65%	56%	53%
Reducing the amount of time patients in your province have to wait for surgery	52%	50%	60%	62%	59%	60%
Improving your access to physicians in other provinces – for example, through virtual/specialty care	20%	20%	26%	32%	27%	23%
Ensuring emergency departments remain adequately staffed so they always stay open	63%	61%	67%	68%	66%	67%

QP1. [Top2box] Thinking about the following improvements or changes that might be made, how important is each to you?

	Total	Years in Canada				
		Born in Canada	Not born in Canada	<=5 years	6-20 years	21 years or more
Improving how quickly patients are treated - from initial diagnosis of a health issue to its resolution	90%	90%	92%	91%	91%	92%
Making sure patients have easy access to their health information	68%	67%	78%	81%	82%	74%
Increasing the role of other professionals in delivering care (e.g., pharmacists writing prescriptions)	69%	69%	67%	71%	66%	66%
Improving how smoothly patients shift from one aspect of health care to another, (i.e. from a doctor's visit to a specialist, or from hospital to home care)	81%	80%	86%	85%	87%	85%
Making it easier for a patient to find the help/treatment they need	86%	86%	90%	87%	88%	92%
Making more efficient use of funding in health care (reducing the amount governments spend on delivery of services)	71%	72%	76%	79%	74%	75%
