

	Total	Diagnosed With Cancer						
		Self	Family member	Close Friend	Colleagues	No	Total Yes	Total: HH member/close friend/colleagues
<b>Sample size</b>	2044	181	1279	492	657	211	1833	1728

*Regional sample sizes are unweighted. All other sample sizes, including column totals, are weighted to census data. Cells containing “\*%” are statistically zero, though at least one response was received. Blank cells indicate zero responses received. Sample sizes below 100 should be interpreted with caution.*

QC16. [Increase access to clinical trials in Canada] For each, please indicate whether you support or oppose the following:
