Cells containing "*" are statistically zero, though at least one response was received. Blank cells indicate zero responses received. Sample sizes below 100 should be interpreted with caution.

Q3a. Are there any provinces (or regions) in Canada (perhaps including your own) that you think get an extra advantage – that is, they get more than they give being part of Canada?

QA15. Suppose Alberta did vote to separate from Canada. This would require a constitutional amendment to be agreed upon by parliament, the senate, and at least seven provinces representing at least 50 per cent of the population. If you over-aw your own province, would you vote to allow Alberta to leave or to keep Alberta in Canada?
